THE UNIVERSITY OF CHICAGO

"The University of Chicago is a leading center of research and scholarship in the physical, biological, and social sciences, as well as in the humanities and law. It is a place where the most brilliant minds come to learn and to teach, and where the most important discoveries are made."

The University of Chicago is a leading center of research and scholarship in the physical, biological, and social sciences, as well as in the humanities and law. It is a place where the most brilliant minds come to learn and to teach, and where the most important discoveries are made.
