Diagram illustrating a 3x10 grid structure, likely representing a sequence of elements or a data structure. The grid is composed of three rows of boxes, with the second row shifted to the right relative to the first and third rows.

- Row 1: 6 boxes (labeled 1-6)
- Row 2: 7 boxes (labeled 7-13)
- Row 3: 6 boxes (labeled 14-19)

The boxes are arranged in a staggered pattern, with the second row starting one box to the right of the first row, and the third row starting one box to the left of the second row. The boxes are labeled with numbers 1 through 18, starting from the top left and moving right across each row, then down to the next row.
