

A diagram consisting of two rows of rectangles. The top row contains 10 empty rectangles of equal size. The bottom row contains 7 empty rectangles of equal size, followed by a group of 3 rectangles shaded in a light gray color. This visual representation is used to illustrate the concept of 7/10 as 70/100 in a fraction comparison exercise.

A diagram consisting of two rows of rectangles. The top row contains 10 empty rectangles arranged in a single horizontal line. The bottom row contains 6 rectangles arranged in a single horizontal line. The second rectangle from the left in the bottom row is filled with gray, while the others are empty.
