

A 4x10 grid of 40 empty rectangular boxes, likely for a math worksheet. The boxes are arranged in four rows and ten columns, with a small gap between the rows.

The diagram consists of three rows of empty rectangles. The top row contains 10 rectangles. The middle row contains 8 rectangles. The bottom row contains 5 rectangles. All rectangles in a row are aligned horizontally.

The diagram consists of three horizontal rows of six empty rectangular boxes. The top row has boxes of equal width. The middle row has boxes of increasing width from left to right. The bottom row has boxes of decreasing width from left to right. These boxes are likely used for labeling different components of a figure that is not shown in the image.
