

The image displays a sequence of binary digits (0s and 1s) arranged in three horizontal rows. The first row contains 10 digits, the second row contains 9 digits, and the third row contains 11 digits. Each digit is represented by a vertical bar of a specific height: a short bar represents a '0' and a tall bar represents a '1'. The bars are positioned side-by-side in each row, creating a visual representation of the binary sequence.
