The diagram illustrates the decomposition of a 10x10 grid into several smaller grids. The top row shows a 10x10 grid (10 columns, 10 rows) on the left, followed by a 10x4 grid (4 columns, 10 rows), a 10x2 grid (2 columns, 10 rows), a 10x2 grid (2 columns, 10 rows), and a 10x6 grid (6 columns, 10 rows). The bottom row shows a 10x8 grid (8 columns, 10 rows) on the left, followed by a 10x2 grid (2 columns, 10 rows), a 10x4 grid (4 columns, 10 rows), a 10x2 grid (2 columns, 10 rows), and a 10x1 grid (1 column, 10 rows).
