The image displays a binary sequence across three horizontal rows. The first row contains 10 binary digits (bits). The second row also contains 10 bits. The third row contains 11 bits. Each bit is represented by a vertical bar of a specific height, where a height of one unit corresponds to a binary value of 0, and a height of two units corresponds to a binary value of 1. The sequence starts with a 1 in the first row, followed by 0s, then 1s, then 0s again. The second row follows a similar pattern. The third row begins with a 1, followed by several 0s, then a 1, and ends with four 1s.

A row of ten empty rectangular boxes, each with a vertical line on its left side, intended for children to write numbers in.

Слово «бог» в русской языковой традиции несет в себе глубокий смысл и значение. Оно означает не только высшую силу, но и любовь, милосердие, чистоту и совершенство. Богочеловеческая любовь – это любовь, которая исходит от Бога и направлена на спасение и благословение людей. Она является основой для всех добрых дел и поступков, которые мы можем совершать в этом мире.

The image consists of three separate horizontal rows of rectangles. Each row contains six empty rectangles of equal size. The first two rows are positioned side-by-side, while the third row is positioned below them. A minus sign is placed between the second and third rows. This visual representation is used to illustrate subtraction, specifically 6 - 1 = 5.
