

Q1: What is the main purpose of this document?
A: The main purpose of this document is to provide a comprehensive overview of the project's objectives, scope, and timeline.

Q2: How is the project organized?
A: The project is organized into several key phases: 1. Planning and Analysis, 2. Design and Development, 3. Testing and Deployment, and 4. Evaluation and Reporting. Each phase includes specific tasks and milestones.

Q3: What are the key milestones?
A: Key milestones include: 1. Project Kick-off, 2. Requirement Gathering, 3. System Architecture Design, 4. Development of Core Modules, 5. Integration Testing, and 6. Final Deployment.

Q4: What are the risks and challenges?
A: Potential risks and challenges include: 1. Resource constraints, 2. Scope creep, 3. Communication gaps, and 4. Technical complexities. Mitigation strategies are provided for each.

Q5: How is the project budget managed?
A: The project budget is managed through a detailed financial plan, including a breakdown of costs for personnel, materials, and external services. Regular budget reviews are conducted to ensure adherence.
