[illegible]

The diagram shows 100 small squares arranged in three rows. The top row has 10 squares. The middle row has 10 squares, with a gap between the 4th and 5th squares. The bottom row has 10 squares, with a gap between the 4th and 5th squares. The squares are arranged in a grid-like pattern, with some squares missing in the middle row to form a specific shape.
