

The diagram illustrates the addition of three numbers: 8352 and 6410. The first row shows the digits of 8352 as groups of blocks. The second row shows the digits of 6410 as groups of blocks. The third row shows the result of the addition, 14962, also as groups of blocks. The blocks are arranged in a way that suggests the process of adding the numbers, with some blocks in the second row being aligned under the first row to show the addition process.
