The diagram consists of three horizontal rows of rectangles. The top two rows each contain 10 identical rectangles arranged side-by-side. The bottom row is divided into two distinct groups by a vertical gap. The first group on the left contains 10 identical rectangles, matching the ones above it. To the right of this gap, there is a second group of 4 identical rectangles.

The image consists of two identical rows of ten empty rectangular boxes. The top row is positioned above the bottom row, creating a symmetrical pattern. These boxes are intended for children to draw tally marks in as they count objects.
