The image consists of two identical horizontal rows of six empty rectangular boxes. Each box is defined by a black outline and is completely white inside. The boxes are evenly spaced and aligned horizontally.

жизни. Важно помнить, что в борьбе с раком необходимо не только лечиться, но и заниматься профилактикой. Для этого можно использовать различные методы, такие как физическая активность, правильное питание, отказ от курения и алкоголя, а также регулярные медицинские осмотры. Важно помнить, что раннее обнаружение рака является основой для успешной терапии. Поэтому регулярные медицинские осмотры являются обязательным элементом профилактики рака.

The image consists of three separate horizontal rows of rectangles. Each row contains four rectangles, all of which are currently empty (white with black borders). The rows are evenly spaced horizontally across the page.

A horizontal bar chart illustrating the student distribution across eight classes. The x-axis is labeled with 'Class' and numbered 1 through 8. The y-axis is labeled with 'Students' and ranges from 0 to 30 in increments of 5. Each bar's height indicates the number of students in that class. The data shows a general upward trend from Class 1 to Class 8.
