

A horizontal row of twelve empty rectangular boxes, each with a black border, intended for children to draw or write in.

A horizontal row of nine empty rectangular boxes. The second box from the left has a short vertical line segment positioned above its top edge, creating a small gap between it and the other boxes.

Следует отметить, что в последние годы в Китае наблюдается тенденция к уменьшению количества сельскохозяйственных земель и увеличению городской застройки. В то же время, производство продовольствия в Китае продолжает расти, что требует дальнейшего совершенствования сельскохозяйственного производства и разработки новых технологий.
