                     (                       )

[illegible][illegible]

The diagram illustrates the number 100 as a sum of three parts: 10, 40, and 50. It uses blocks to represent these values:

- 10:** One block of 10 (a row of 10 small squares).
- 40:** Four blocks of 10 (four rows of 10 small squares).
- 50:** Five blocks of 10 (five rows of 10 small squares).

Together, these blocks represent the total value of 100.
