The diagram illustrates the number 84 as the sum of products of two-digit numbers. It consists of three rows of rectangular blocks:

- Row 1:** Four groups of seven blocks each, representing 7×4 .
- Row 2:** Five groups of four blocks each, representing 4×5 .
- Row 3:** One group of six blocks, representing 6×1 .

Together, these represent the equation $84 = 7 \times 4 + 4 \times 5 + 6 \times 1$.
