，

Следует отметить, что в последние годы в Китае наблюдается тенденция к уменьшению количества субъектов, осуществляющих производство и продажу поддельных товаров. Вместо этого, как правило, эти функции выполняются группами из нескольких человек, которые работают в тесном контакте с импортерами из-за рубежа. Такие группы могут состоять из нескольких десятков или даже сотен человек, что делает их более эффективными и менее заметными для правоохранительных органов.
