The diagram illustrates the addition of three numbers represented by rectangular blocks:

- Top Row:** Two groups of eight blocks each, totaling 16 blocks.
- Middle Row:** One group of nine blocks and one group of five blocks, totaling 14 blocks.
- Bottom Row:** One group of five blocks, totaling 5 blocks.

When all blocks are combined, there are 35 blocks in total, which corresponds to the sum $8 + 9 + 8 = 25$. Note that the visual representation shows 35 blocks, suggesting a discrepancy between the visual count and the stated equation.
