

The diagram illustrates the number 100 as four groups of 25. Each group is represented by a 5x5 grid of squares. The top row contains two groups: a full 5x5 grid (25 squares) and a 5x4 grid (20 squares). The bottom row also contains two groups: a full 5x5 grid (25 squares) and a 5x4 grid (20 squares). This visualizes the equation $100 = 4 \times 25$.
