Unemployment is a state of being without work, but it is not just about not having a job. It also involves actively looking for work. This means that people who are not working but are not looking for work are not considered unemployed. The Bureau of Labor Statistics (BLS) defines unemployment as people who are without work and actively seeking work.

The Bureau of Labor Statistics (BLS) defines unemployment as people who are without work and actively seeking work. This means that people who are not working but are not looking for work are not considered unemployed. The BLS uses a specific definition of unemployment, which is based on the concept of "actively seeking work". This means that people who are not working but are looking for work are considered unemployed. The BLS uses a specific definition of unemployment, which is based on the concept of "actively seeking work". This means that people who are not working but are looking for work are considered unemployed.
