

The diagram illustrates the addition of two numbers by grouping blocks. The first row shows the components of the first number: one group of 7 blocks and one group of 1 block, totaling 8 blocks. The second row shows the components of the second number: one group of 3 blocks and one group of 2 blocks, totaling 5 blocks. The third row shows the final sum: one group of 6 blocks and one group of 1 block, totaling 7 blocks.
