

The diagram illustrates a subtraction problem. At the top, there is a horizontal row of 10 empty square boxes. To its right is a minus sign (-). To the right of the minus sign is another horizontal row of 4 empty square boxes. Below these two rows is a plus sign (+). To the right of the plus sign is a third horizontal row of 6 empty square boxes. Below this entire row of 16 boxes is a horizontal line. Below the line, there are four separate groups of three empty square boxes each, representing the regrouping of tens into ones.
