Однако в то же время, несмотря на то что в России в последние годы ведется активная политика по поддержанию и развитию традиционных религий, в том числе и православия, в стране все еще существует значительное количество людей, которые не верят в Бога и не практикуют никакой религиозной жизни. Для них православие является всего лишь исторической памятью о прошлом, а не настоящим. Их мнение о том, что православие – это древний и глубокий духовный путь, не соответствует действительности. Поэтому для многих из них православие – это просто история, которую надо помнить, но не практиковать.
