

The diagram illustrates the distributive property of multiplication over addition. It shows that 3 times the sum of 5, 7, and 3 is equal to 3 times 5 plus 3 times 7 plus 3 times 3. The top row represents the total product, and the bottom row represents the sum of the three individual products.

The diagram consists of two rows of rectangles. The top row has 10 rectangles, and the bottom row has 11 rectangles. The rectangles in the top row are grouped into four sets of two, with a single rectangle to the right of the fourth group. The rectangles in the bottom row are grouped into three sets of three, with a single rectangle to the right of the third group.
