

The diagram consists of four horizontal rows of empty rectangular boxes. The top row contains 10 boxes. The second row contains 3 boxes. The third row contains 5 boxes. The bottom row contains 7 boxes. This visual representation likely corresponds to the number of digits in the binary representation of the numbers 1 through 15.

The diagram consists of two rows of rectangles. The top row contains five groups of three rectangles each. The first four groups are fully visible, while the fifth group only shows the first two rectangles. The bottom row contains two groups of five rectangles each. The first group is complete, while the second group only shows the first four rectangles.
