

The diagram consists of two rows of 15 empty rectangular boxes each. The top row is divided into three distinct sections by vertical lines: a left section with 5 boxes, a middle section with 10 boxes, and a right section with 5 boxes. The bottom row is also divided into three sections: a left section with 5 boxes, a middle section with 10 boxes, and a right section with 5 boxes. This visual structure represents the components of the multiplication problem 3 x (5 + 10) = 45.
