

The diagram illustrates the number 20 in three different ways:

- Row 1:** Two groups of ten boxes each, representing $10 + 10 = 20$.
- Row 2:** Four groups of five boxes each, representing $5 + 5 + 5 + 5 = 20$.
- Row 3:** One group of six boxes and one group of four boxes, representing $6 + 4 = 20$.
