

The diagram illustrates the addition of three numbers represented by rectangular blocks:

- Row 1:** Two groups of seven blocks each, totaling 14 blocks.
- Row 2:** One group of two blocks followed by one group of eight blocks, totaling 10 blocks.
- Row 3:** One group of five blocks, totaling 5 blocks.

When all blocks are combined, there are 29 blocks in total, which corresponds to the sum $14 + 10 + 5 = 29$.
