

Сърбите са национална митологична традиция - народни предания и легенди, които са създадени от самия народ и са пренесени от поколение към поколение чрез устна словесност. Тези предания са свидетелство за социалната и духовна среда на сърбите, както и за техните верования и религиозни практики.

Сърбите имат богата митология (която е част от общия балкански митос), която включва легенди за боговете, природата, животните и човека. Една от най-известните легенди е тази за изгнанието на сърбите от родината им в 1389 г. след битката при Косово поле.
