Diagram illustrating a sequence of rectangles. The sequence starts with 15 empty rectangles in a row. This is followed by three groups of rectangles: a group of 3, a group of 2, and a group of 3. A colon (:) is placed after the second group of 2 rectangles. Finally, there is a sequence of 5 empty rectangles.

□□□□□ ,

A row of seven empty rectangular boxes, likely for handwriting practice, arranged horizontally.

Six empty rectangular boxes for writing, arranged horizontally.

A row of eight empty rectangular boxes, each with a black double-line border, intended for handwritten responses.

A diagram consisting of two groups of five empty rectangular boxes each. The boxes are arranged in a single row. A colon is positioned between the two groups. This visual representation is used to separate two related but distinct parts of a mathematical expression.

The diagram consists of two rows of ten empty rectangular boxes each. The boxes are arranged in a single horizontal line. A vertical line is positioned in the center of the diagram, dividing the two rows. The boxes are outlined in black and have a white interior.
