

Skills for Employment Investment Program (SEIP) 2015-2016

skills for Employment investment program (seip) 2015-2016
The purpose of the Skills for Employment Investment Program (SEIP) is to provide training and skills development opportunities for young people, particularly those who are unemployed or at risk of unemployment. The program is designed to help young people gain the skills and experience they need to enter the workforce and start their own businesses.

The program is open to young people aged 18-24 who are currently unemployed or at risk of unemployment. It provides a range of training and skills development opportunities, including vocational training, work-based learning, and entrepreneurship training. The program is funded by the government and is available to young people across the country.

The program is designed to help young people gain the skills and experience they need to enter the workforce and start their own businesses. It provides a range of training and skills development opportunities, including vocational training, work-based learning, and entrepreneurship training.
