The image consists of three separate horizontal rows of seven empty rectangular boxes. Each row is evenly spaced and aligned horizontally. The boxes are white with thin black outlines.

A horizontal row of ten empty rectangular boxes, each with a black border, intended for children to write their names in.

A horizontal row of ten empty rectangular boxes, each with a black border, intended for children to draw or write in.

Four empty rectangular boxes for writing.

Six empty rectangular boxes for writing, arranged horizontally.

Six empty rectangular boxes for writing, arranged horizontally.

A horizontal row of nine empty rectangular boxes, each with a black border, intended for children to draw or write in.

Сърдечните болести са едни от най-честите

заболявания в света. Техните симптоми са различни и можат да се докоснат и до най-найлоните

членове на организма. Това е причината за честите случаи на смърт от сърдечни заболявания, които са

засега неизлечими. Това е причината за честите случаи на смърт от сърдечни заболявания, които са
