The diagram shows the number 100 decomposed into four groups of 10. Each group is represented by a horizontal row of ten small squares. There are four such rows, arranged in a 2x2 grid. The top row has 10 squares, the bottom row has 10 squares, the left column has 10 squares, and the right column has 10 squares. This visualizes the concept of 100 as 4 groups of 10.

“我這兒有幾本新書，你來看看，”他從書架上抽出一本，遞給她。那是一本關於海洋生物學的書，封面有著精美的插圖。他看著她翻閱，心裡充滿了期待。他希望她能對海洋生物學產生興趣，就像他對它一樣。他看著她，心裡想：‘如果她能喜歡上它，那該多好。’
