██████████ ██████████ ██████████ ██████████ ██████████, ██████████ ██████████ ██████████ ██████████ ██████████

The diagram consists of three rows of empty rectangular boxes. The top row contains 10 boxes. The middle row contains 4 boxes. The bottom row contains 4 boxes. This visual representation corresponds to the multiplication problem 4 x 3 = 12, where the rows represent groups and the boxes represent the count in each group.

A diagram consisting of two rows of 10 empty rectangular boxes each. The top row is a single horizontal line of boxes, and the bottom row is another horizontal line of boxes, slightly lower than the top one. These boxes are intended for labeling data points in a scatter plot.
